

ARCHBALD'S FRIENDLY RELATIONS WITH OFFICIALS LED TO THE NEGOTIATIONS

ACCUSED JURIST TESTIFIES IN HIS OWN BEHALF BEFORE THE IMPEACHMENT COURT OF THE SENATE

Judge Admits His Associations With Edward Williams in Negotiations for The Katy-Did Refuse Coal Dump and With Erie Officials But Declares That He Had No Interest in the Settlement of the Case Other Than as a Friend of Officials of the Coal Company

Adjourned at 5:35 p. m., until noon Tuesday.

Commerce commission reported light house appropriation bill, carrying \$1,350,000.

Considered, but took no action, on bill to incorporate the Rockefeller foundation.

Adjourned at 5:45 p. m., until noon Tuesday.

WASHINGTON, DEC. 6.—Friendship for his Scranton associates with whom he had lived and worked for years was the motive that led Judge Robert W. Archbald, of the United States commerce court to negotiate with officials of the Erie and Lehigh Valley railroads over the settlement of coal land matters, and that induced him to endorse certain notes, according to the statements made by the accused jurist today when he took the stand before the impeachment court of the senate to testify in his own behalf.

Judge Archbald admitted his associations with Edward J. Williams of Scranton in negotiations for the Katy-Did refuse coal dump, owned jointly by a subsidiary of the Erie railroad by the firm of Robertson and Law.

Talked With Railroad Officials.

He admitted that he had talked with Second Vice-President Richardson and General Counsel Brownell, of the Erie, in an effort to expedite a decision as to whether the Erie would grant an option on its part of the dump but he denied that he had tried or intended to influence them to act in his favor.

Judge Archbald declared he had had no interest whatever in the settlement of the case of the Marian Coal company of Scranton against the Delaware, Lackawanna & Western railroad. He went to officials of the railroad in that case he said, as a friend of George M. Watson, the attorney for the coal company, and C. G. Boland, one of the owners of the coal company. He had no thought of reward for his efforts he said, and no purpose to influence the railroad to make a favorable settlement. He denied that he had tried to get credit from litigants or possible litigants in his court. He declared that he had ever attempted to conceal his interest in the Katy-Did coal dump deal, or in the settlement of the Marian Coal company case and that on the contrary his action in these cases was well known before the impeachment proceedings, against him.

Questioned by Committee.

Upon one point only was the jurist subjected to much questioning from members of the senate. This was in reference to the charge, that as a member of the commerce court, he had written to Helm Bruce, an attorney for the Louisville & Nashville railroad as to the evidence that had been presented in the case of that road against the interstate commerce commission tried before the commerce court.

Judge Archbald declared certain points in the evidence were not clear, and that he had written to Mr. Bruce to clear them up. The corroboration of the points at issue he said because the points at issue had no part in the settlement of the case. He denied all knowledge of the making of the "silent party" agreement and declared he would never have submitted to having any such paper drawn.

Rockefeller at Nassau.

Nassau, New Providence, Jan. 6. William Rockefeller, whose presence as a witness before the house money trust investigating committee at Washington has been particularly sought by Chairman Pujo, arrived at Nassau on Friday last.

Mr. Rockefeller apparently is in good health.

Report Light House Bill.

A bill appropriating \$1,350,000 for the improvement and extension of the light house system throughout the country was reported to the house today by the interstate and foreign commerce committee.

porters and representatives of other interests affected by customs changes aired their grievances before the house committee on ways and means today in the first of a series of hearings preliminary to the sharp revision of the Payne-Aldrich tariff law at the coming extra session of congress.

The discussion ranged from poker chips to sponges and from caustic potash to laundry soap. The burden of the arguments was the maintenance of the present tariff instead of the changes proposed by the Democrats along the line of the terms of the chemical tariff revision bill that was put through both houses to a white house veto last year.

Investigate Clearing House.

Washington, Jan. 6.—The operations of the clearing house association of Salt Lake City, Utah, and its controversy with the National Copper Bank of that city was the subject considered by the money trust investigating committee of the house today. Five Salt Lake City bankers testified.

After the hearing of the committee with Mr. Untermyer went into executive where for more than an hour the plans for the prosecution of the investigation were discussed.

Mr. Untermyer declared that the inquiry cannot be thoroughly rounded up without the information which the committee tried in vain to secure through the comptroller of the currency regarding the business of National banks throughout the country. With this point in mind the committee might wait until a Democratic administration was in power, and then ask President Wilson to direct a new comptroller to furnish the needed information. Authorization for the investigation, however, dies with this congress on March 4th, and further authorization must be procured from the new house to continue the probe.

Trains in All Directions Out of Denver and From New Mexico to Wyoming are Stalled—Citrus Fruit Crop is Damaged

PHOENIX, ARIZ., JAN. 6.—Last night was the coldest in the history of Phoenix. The government observatory recorded a temperature of 17. The previous low record was 22.

Cold Weather in Iowa.

Sloux City, Ia., Jan. 6.—The coldest weather of the winter is being experienced in this section today. It was 7 below zero here this morning. At Sioux Falls the temperature dropped to 14 below. In the western part of South Dakota it ranged from 22 to 30 below.

Snow Fourteen Feet Deep.

Seattle, Wash., Jan. 6.—Four inches of snow fell in Seattle today and the storm continues tonight. In the Cascade mountains where the Northern-Transcontinental railroads have been fighting blizzards for a week, snow fell all day and developed into a blizzard at nightfall. The snow, which lay 14 feet deep at the summit last night, is being piled higher hourly.

Coldest in San Francisco.

San Francisco, Jan. 6.—Today was the coldest in twenty-five years in San Francisco, according to official records. The temperature reached 32 degrees above zero, which was the lowest mark since January 15, 1888, when it dropped to 28 degrees. For the first time, the lakes in Golden Gate park were frozen over, their coating of ice remaining all day.

Killing frosts were general through the state.

Loss of Livestock Heavy.

Denver, Colo., Jan. 6.—Colorado temperatures fell as low as 39 below zero today while Denver experienced 20 degrees below, and warmed to 10 to 10 below.

Trains in all directions from New Mexico to Wyoming are stalled. Cuts are filled with storm driven cattle and sheep and the loss of livestock will be heavy.

California Fruit Damaged.

Los Angeles, Calif., Jan. 6.—Thousands of men were out tonight piling their ingenuity against the cold weather in an effort to save from further damage Southern California's orange and lemon crop, which was valued at nearly \$50,000,000. What the loss entailed by last night's freeze was, cannot be estimated with any degree of accuracy, but it was serious—so serious, growers and citrus experts say, that it will have an appreciable effect upon price of fruit, and the outlook tonight was not encouraging.

Reports \$3,000,000 Damage.

San Bernardino, Calif., Jan. 6.—B. B. Shepard, manager of the San Bernardino county fruit exchange, issued a statement tonight that the cold last night had damaged the citrus fruit crop of the county to the extent of \$3,000,000.

Water Supply Frozen Up.

Salt Lake City, Utah, Jan. 6.—Water department officials announced tonight that the water situation in Salt Lake City is critical. Every source of the city's water supply is frozen solid.

The supply in two of the three storage reservoirs has been exhausted and the third, which supplies the business section of the city, is being held in reserve in case of fire. Guests in the largest hotels suffered from lack of heat, water and light tonight and the residence section of the city practically was without water. The sanitary situation in the business section already has become a menace.

Gangs of workmen patrolled the streams today dynamiting the gorges and succeeded in opening up a small flow from Big Cottonwood canyon, but this was used before it reached the reservoirs. This is the first time that such a condition has existed here.

POLICE TRY TO DRIVE MAN

WANTED, AWAY FROM STATION

Negro Lifter Under Station House Proves to Be Man For Whom Police Are Searching.

Chicago, Jan. 6.—Every police bulletin for several weeks has contained a description of Anderson Underwood, a negro wanted by the police on a charge of attempted attack, officers who worked out of the West Lake street station especially warned to be on the lookout for him.

During all that time a negro was amusing himself loafing about the station. He rode the steps of the patrol wagon when it made runs, and frequently rode back with the prisoners. Policemen made futile attempts to drive him away from the station. Today some one asked him his name.

"Anderson Underwood," he replied.

Underwood now is in the county jail and no one is trying to drive him away.

LEADER OF CHICAGO AUTO BANDITS CAUGHT

THOUGHT TO BE HEAD OF GANG WHICH HAS TERRORIZED CITY

Police Believe Cattil's Arrest Will Lead to a Revelation of the Secrets of Robbers' Methods—Five Held on Suspicion.

CHICAGO, JAN. 6.—Hubert Cattil, who the police believe is the leader of automobile bandits who have terrorized portions of the city during the last month, and who escaped after being arrested last Saturday was again arrested late this afternoon. He was found in a rooming with a woman who said she was his wife.

Chief of detectives Halpin said that he thought Cattil's capture would lead to a revelation of secrets of the robbers' operations. The police have three other suspects in custody—Charles McNeff, Albert Charest and James Mitchell, who they believe worked with Cattil.

A fifth man in the hands of the police is Frank Thompson known as "Tribby" Thompson a convict escaped from Joliet penitentiary, who, the police say, has been engaged in many recent holdups. Cattil, who is believed to be the leader of the gang, already has confessed to participating in three robberies, 15 burglaries but both he and his companions denied that they are the automobile bandits. All of the robberies to which Cattil confessed were small.

Three victims of the recent holdups have identified Cattil and some of the other prisoners as the men who robbed them.

WILSON DISCUSSES POSSIBILITY OF INCREASING DEMOCRATIC MAJORITY

Talks With Democrats Regarding Possibility of Gaining Additional Democratic Senators to Swell the Majority in That Body.

Trenton, N. J., Jan. 6.—President elect Wilson today canvassed further into the possibility of increasing the narrow majority of the Democrats in the United States senate for the next session. He took up with U. S. Senator Johnson and Representative McGillicuddy of Maine details of the senatorial situation in their state, where the Progressives admittedly hold the balance of power in the legislature. The president-elect is hopeful that Senator Gardner may be yet re-elected. Representative A. Mitchell Palmer of Pennsylvania, and Representative Albert S. Burleson of Texas, both of them Democratic national committeemen from their respective states and prominently identified with the Wilson campaign, conferred with Mr. Wilson for an hour. At the conclusion neither man would say a word about the visit, but Governor Wilson made it clear that he had not talked about the cabinet with him but had discussed the general legislation for the extra session.

"We talked chiefly of the tariff bills and their readiness," the governor said.

Judge William Hammond of Atlanta, Ga., before whom Woodrow Wilson, as a young attorney once argued his cases, called on the president-elect to urge support for the bill pending in congress which would appropriate \$120,000 for the celebration in Philadelphia of the fiftieth anniversary of the signing of the emancipation proclamation.

The governor said he approved the object of the bill and hoped it would be passed.

EIGHT ARE KILLED WHEN EXPLOSION OCCURS ON SHIP

Explosion in Stokeloid of Big French Battleship Massena Kills Six Stokers, A Helper and a Petty Officer.

Toulon, France, Jan. 6.—Eight men were killed today by an explosion in the stoke hold of the French battleship Massena. The Massena, accompanied by two cruisers, was proceeding for Bizerta. She was passing the Hyeres Islands when the team collector pipe of one of the boilers burst.

The warship was immediately stopped and the engine room staff rushed to the stoke hold, where they found, the petty officer, six stokers and a helper lying on the steel floor dead. The ship but back and landed the bodies at the naval hospital. The cause of the accident has not yet been ascertained.

ADD BUT ROCKIN

APPLY FOR RELEASE

Leavenworth, Kan., Jan. 6.—Thirty-two of the thirty-three labor leaders convicted in the dynamite suits today signed applications to the United States court of appeals for their release on supersedeas bonds. J. E. McClory, secretary of the International Iron Workers' union, brought the applications in person and they were signed in the warden's office in the presence of McClory and Lee Bond a United States commissioner. A majority of the applications were mailed from Leavenworth today to friends of the dynamiters who will raise the necessary money. Herbert S. Hockin, branded by his fellows as the "informer" was the only one for whom an application had not been prepared. After the others had signed their applications, Hockin requested an audience with McClory.

"He asked me," McClory said, "if his application had been prepared. This was my first intimation that he wanted to appeal his case. I do not know that any arrangements have been made to get his release," he ended it all."

RENDER DECISION ON SHERMAN LAW

SUPREME COURT LAYS DOWN IMPORTANT DECISIONS

Holds That "Corners" of Inter-State Commodities are in Violation of Sherman Law—Annul State Rights Over Railroads

WASHINGTON, D. C., JAN. 6.—The supreme court of the United States today laid down the far-reaching principle that "corners" of inter-state commodities, such as articles of clothing and food are in violation of the Sherman anti-trust law and held that, as far as the Sherman law was concerned, the indictment in the New York federal court of James Patten, Eugene G. Scates, Frank H. Hayne and William P. Brown for "conspiring to run an alleged cotton corner" was valid. The case against them was sent back for trial or other proceedings.

Justice Vandewater announced the opinion of the court. Judge Lurton dissented, in which Chief Justice White and Justice Holmes concurred. The majority of the court held that the circuit court for Southern New York had decided that the indictment charged a "withholding" of the cotton from the market, a necessary element of a corner as admitted by the government. The majority held that the circuit court found the indictment did not so charge and for that reason the indictment was faulty. According to all the justices the correctness of the holding of the circuit court as to the indictment charging a "withholding" and as to the sufficiency of the indictment on other technical points had to be accepted at this time without question by the supreme court. The points thus left undecided today may be made the basis for bringing the case to the court again if the defendants are convicted on trial.

Attorney General Bullitt who presented the government's side of the case to the court issued a statement after the decision in which he said a dollar a way had been found to stop the running up of prices, by men who sought to corner the market not only of cotton but of wheat, corn, lard and other commodities.

Annul State Rights.

The power of the state over railroads and express companies suffered a hard blow today when the supreme court held that since the passage of Carmack amendment to the interstate-commerce law in 1906, the states had ceased to have the right to annul contracts between railroads and shippers limiting the liability for the loss of inter-state shipments.

Another serious blow was delivered when the court held that the states, since the passage of the interstate-commerce acts and particularly the Hepburn law in 1906, had no power to penalize railroads for failure to furnish cars for inter-state shipments. In this connection the court declared unconstitutional the Minnesota reciprocal demurrage law authorizing the recovery by shippers of a dollar a day for every day during which the railroad failed to furnish a car for the removal of freight.

The changes thus affected revolutionize the practice in many states. The court today pointed out that previous to the passage of the Carmack amendment the court had upheld an Iowa statute, under which a contract limiting the damages in case of loss had been annulled and had also approved a Pennsylvania case in which it was held that the public policy of state was opposed to such cases.

MAY EFFECT COMPROMISE.

New York, Jan. 6.—Compromise increases in wages, affecting nearly all roads and a proposal to submit to a committee the question of two firemen on certain types of locomotives, are proposed by the conference committee representing fifty eastern railroads in their reply submitted today to the Brotherhood of Locomotive Firemen and Engineers. A minimum and maximum rate of pay for all firemen is established and while it materially increases wages on some of the roads, other roads now paying high rates are not affected. In brief the proposal is somewhat similar to the award of the arbitration board in the engineers' wage controversy.

The committee from the firemen said they would take the proposal under advisement and submit their answer to the railroad managers at a later date.

BRESNAHAN TO CUBS.

Chicago, Jan. 6.—Roger Bresnahan will wear a Chicago National baseball uniform next season, it was announced here tonight by Charles W. Murphy, president of the club. Murphy was so much pleased with the fact that he said that Roger would add 15 per cent to the strength of the team. A three year contract has been mailed Roger to sign.

HAD OUTLIVED USEFULNESS.

Chicago, Jan. 6.—Believing he had outlived his usefulness and was too old to get work, W. B. Young, 75 years old, a carpenter, committed suicide by shooting today. He was found dead in a chair with a bullet hole in his head. He was the father of thirteen children. The police found a note which read: "Tell my son I was too old to be of any use and thought it for the best to end it all."

SPRINGFIELD, ILL., JAN. 6.—The great number of contests filed in the office of the secretary of state was swelled today with the filing of eleven more notices of contests for seats in the lower house. Among those granted certificates of election by the state canvassing board, whose right to a seat is technically questioned, is Lee O'Neil Browne of Ottawa, member of the house from the thirty-ninth district. The notice was filed by W. F. Benson is made principal defendant.

The towns of Bruce, Allen, Adams, Earle, Farm Ridge and others are mentioned as among those in which votes were improperly counted. In addition, McNamara mentions a number of precincts in Ottawa in which the tallies were not kept by the regular election officials but by persons indirectly interested in the election.

Three in One District.

Three contests will be heard in the second district, Chicago. Roger J. Marcey, Republican, filed notice of a contest against Frank J. McNichols, Republican, and Frank J. Snite, Progressive, alleging errors in the count of the votes.

In the same district George Lipschulz, Democrat, filed notice that he would contest the election of Frank J. Snite, Frank J. McNichols, and the other candidates, claiming he received more votes than any of them. The other notice of contest in the second district was filed by the Socialist candidate, Leonard S. Manly.

Socialists in Cook County.

Thirty-first district—Frank J. Self, Jr., Democrat, vs. Franklin S. Catlin and Henry L. Shaver, Republican, and William McKinley, Democrat.

Although the wording of the law is vague on the subject of the filing of contests in the general assembly the secretary of state has decided that all such notices must be received by the time the office closes Wednesday afternoon, Jan. 8.

FIRE AT COLLINSVILLE.

St. Louis, Mo., Jan. 6.—The icy streets in Collinsville, Ill., today resulted in the destruction by fire of the washer and screening plant of the Lumaghi Coal and Coke company.

The slippery streets prevented the local hose company from reaching the blaze in time to save the plant. Several hundred tons of coal were destroyed.

ISLAND OWNERS SUE.

Springfield, Ill., Jan. 6.—Proceedings in condemnation were instituted in the federal court here today against the owners of Nola Island, in the Mississippi river, which was flooded by reason of the construction of the big Keokuk dam. It is alleged the owners have demanded exorbitant damages. The hearing was set for February 18.

PEACE NEGOTIATIONS ARE SUSPENDED

Turkey Concedes Several Territorial Possessions to Allies

TERMS UNSATISFACTORY

Turkish Government Would Retain Adrianople—Allies Say No And End Conference

MAY MEET AGAIN THIS WEEK

LONDON, JAN. 6.—The first stage of the peace negotiations, which is regarded by diplomats largely as one of pretense on Turkey's part to avoid the appearance of yielding to the demands of the allies without pressure from the powers, is over now. It is expected that the second stage soon will begin, with powers acting behind the scenes and pulling the strings which will compel Turkey to concede the bulk of the allies' demands.

Without money, her army inadequate and demoralized, her statesmen realize that Turkey is in no condition to resume hostilities with the slightest chance of success. At today's sitting of the conference Turkey renounced in favor of the allies her rights in the island of Crete, in the Aegean Sea on condition that the allies do not claim the session of any other islands and promise further restitution of the Thracian frontier, but insisted upon the retention of Adrianople. The allies declared that this was not satisfactory and suspended the conference.

This does not mean a rupture of the negotiations. The conference may be resumed either by Turkey giving notification that she has fresh proposals to submit, or can by the allies to the ground that they have communications to make to the Turks. It is generally expected that the work of the conference will be taken up again at the end of the week.

The festivities in connection with the Orthodox Christmas are ended.

Discuss Three Courses.

The allies at day held a short meeting before the official sitting and discussed three possibilities with reference to the statement which Rehad Pasha had been asked to make respecting the Balkan ultimatum, and agreed on the property of the allies. First if Rehad Pasha's statement was arrogant and provocative, then notwithstanding the advice of the powers in favor of moderation they would break off the negotiations; second, if Rehad were courteous, but the new concessions unimportant, they would suspend the conference; third if Rehad made important concessions, without conceding the allies' demands, they would adjourn the sitting until Friday, in order to allow time to consult their respective governments.

Expectation was intense when the Serbian delegates, Stojan Navakovitch opened the session. Rehad Pasha made a brief speech before reading the statement, announcing what Turkey was willing to give up. The statement concluded with the declaration that if the allies reject this latest proposition the consequences of the rupture will fall on them, and that Turkey will declare all concessions made until to day null and void.

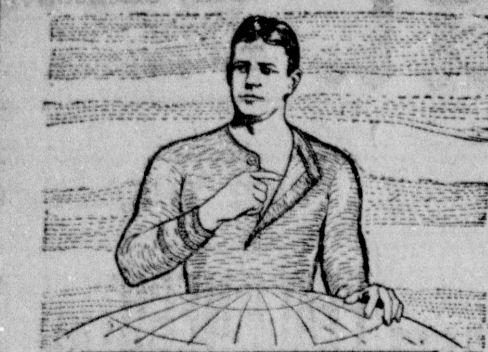

Express Dissatisfaction.

The Balkan plenipotentiaries could not conceal their dissatisfaction with the statement. They left the situation practically unchanged. Various delegates asked Rehad Pasha if he could not add something, even unofficial to the statement. He appeared surprised that such a request should be made but later said he believed his government might be induced to grant another small rectification of the Thracian frontier, ceding several districts, the population of which is for the most part Christians. The sitting was suspended while the allies drafted a reply to the Turkish proposals.

This reply was in effect that the proposition was so unsatisfactory that the allies felt obliged to suspend the sitting of the conference.

Rehad Pasha protested energetically against the procedure and after a warm interchange of views the whole Turkish delegation left St. James Palace.

The great home now is that during the three days festivities of the Orthodox Christmas which has in the Balkans all the poetical associations of ancient tradition,

Mrs. Hartman favored her hearers with a program varied and excellent, a part of the time playing her own accompaniments and pouring forth song after song with the ease and naturalness of a feathered song bird and the skill and finish of a high grade artist."

Semi-Annual Remnant Sale

Short Lengths of Silks, Cotton and Wool Dress

Goods at Below Actual Cost to Manufacture.

When we began to invoice a few weeks ago we marked down to actual cost every remnant we came across in preparation for this sale. But now stock-taking is over we find the accumulation larger than we had expected. Now these remnants must be gotten rid of in short order, and to make sure that this week will mark their exodus we have decided to make an additional reduction of 25 per cent off the marked price, which will be taken off at time of purchase. This brings prices far below the cost to manufacture and is the lowest figure we have ever placed on merchandise of any kind. You will doubtless recognize the urgency of attending this sale at once, as it opens a buying opportunity such as may never occur again in your experience. The merchandise is of this season's manufacture and are clean and desirable in every particular.

JUDGE BROCKHOUSE HAS DRAINAGE CASE UNDER ADVISEMENT

Will Announce Later His Views on Formation of Proposed Mauvalterre Creek District.

In the county court Monday Judge Brockhouse devoted two sessions to a hearing on the Mauvalterre creek drainage project. A petition proposing the formation of the district was filed some time since and the public hearing was set for Monday when property owners who desired might make objection.

Formal objection was made on behalf of L. F. Ticknor by William E. Thompson and F. L. Gregory and informal objection was made on behalf of G. C. Smith and other informal objections were made. L. O. Vaught appeared as attorney for the original petitioners. After hearing the arguments presented Judge Brockhouse took the matter under advisement.

Under the law in forming a drainage district the petition filed must be signed by one-third of the property owners, having title to a majority of the acreage or by a majority of the owners with title to one-third of the land. The case after proper notice then comes to a hearing and any who wish may then appear and make objection. If the objections are not deemed such as to offset the benefits the court appoints three commissioners to arrange for the proposed improvement. The commissioners have the power to make estimates as to the cost of the work and the benefits which will accrue and to proceed with the work or they may if they deem best report to the court that the formation of the district is not practicable.

The matters which Judge Brockhouse will now consider are as to whether the petition conforms to the legal requirements and as to how many acres of land will be benefited.

The Syrian Protestant college at Beirut, Syria, has a commercial department that aims to fit its students for positions in the business houses of the Levant.

The new compulsory continuation school for girls at Berlin will give six hours of instruction weekly, one-fourth of which must be given to courses dealing with "education for the home."

Of the million dollars spent by the city of Stockholm, Sweden, for its school system last year, \$5,800 was for domestic science, \$17,500 for school lunches, \$5,400 for school physicians, and \$2,400 for the dental clinic.

The Kansas state board of health has issued a health almanac that is an important contribution to the campaign of health education. In form it is like the traditional almanac, but the hygienic advice it contains is clear, specific and thoroughly up-to-date. It is patterned after the "Virginia Health Almanac" for 1911.

Dr. George Kerschensteiner the German vocational expert, is impressed by the success of the American public schools in the task of assimilating immigrants. "What the great cities have been doing in transforming immigrants from all parts of the world into thinking citizens," he declares, "seems to me from my personal observations in the country itself to be unexampled in the history of education of civilized nations."

The city of Breslau, Germany, has a new "school museum," where the best things in educational progress are shown for the benefit of the public. On the first floor are exhibits of school architecture, school furnishings, hygiene and statistics, mathematics, physics and chemistry, and a testing room for scientific apparatus used in the school. On the second floor are busts of well-known educators of the past—Comenius, Pestalozzi, Diesterweg, and Froebel; exhibits showing the teaching of religion, history, language, geography, astronomy, natural history and industrial economics, and the library. Above are the exhibits of manual training and domestic science; of auxiliary schools, kindergarten, and instruction of the blind; of drawing, singing, and physical training; and a large hall containing examples of school work from Germany and other lands. The Breslau school museum is one of fifteen permanent educational exhibitions established in the German empire since 1904.

OVERLOOK \$1000 IN SATCHEL
Chicago, Jan. 6.—H. B. G. White, vice-president of the R. J. Kitteridge & Co., was robbed of \$270 by five pickpockets who surrounded him when he was about to board a street car at West Madison and North Halsted streets today.

He carried \$5,000 in a satchel which the thieves overlooked. White had drawn the money from a bank to make up the firm's payroll and was on the way to his office when attacked.

He carried the \$270 in his overcoat pocket.

JEWISH SOCIETY AWARDS

Washington, Jan. 6.—President Taft was the host at a luncheon in the white house tonight to the executive committee of the B'nai B'rith which presented to him a gold medal awarded him as the person who contributed most during 1912 to the "welfare of the Jewish cause."

After the presentation of the medal the president made a short speech, in which he paid high tribute to the Jewish people.

MEETS FOR 120TH SESSION.
Harrisburg, Pa., Jan. 6.—The legislature of Pennsylvania will meet at noon tomorrow for its 120th session under conditions unprecedented in a generation. The absorbing point is the contest for the speakership of the house. So far, no candidates claim a majority on the first ballot. The Democrats have named their candidate but so far the Republicans have not united on a man. At a Republican caucus only 57 votes were cast. John R. K. Scott received a majority.

HENRIKSEN SIGNS UP.
Boston, Jan. 6.—The only "hold-out" among the world's champion Red Sox developed so far, disappeared today when Olaf Henriksen, the diminutive pinch hitter signed a contract for next year. Henriksen's two-bagger in the final game with the New York Giants in the world's series last fall was one of the deciding factors in giving the world's championship to Boston.

LAD ASPHYXIATED
IN RAILROAD CAR.
Fort Dodge, Ia., Jan. 6.—J. C. Edwards, son of a wealthy farmer near Watertown, S. D., was found asphyxiated here today in a refrigerator car containing potatoes which he was shipping east. Ignorance of fact that he could not live five hours in a car in which a charcoal burner was in use, cost him his life.

DUNNE PROTESTS AGAINST
ELECTION OF LORIMER.
Springfield, Ill., Jan. 6.—Governor elect Dunne late tonight issued a statement in which he protested against the selection for speaker of the house any man who voted for William Lorimer for United States senator. Mr. Dunne also urged the election of James Hamilton Lewis as United States senator.

JOLLY BILLY CLIFFORD WILL BE HERE.

Billy (Single) Clifford's latest version of "The Girl, The Man and The Game" is justly termed a musical farce in two long laughs.

It's plot is a consistent one in which there are many ludicrous situations and laughable complications. Added to this Billy has intertwined eighteen new songs, that are fresh, bright and breezy, fully of just the sort of melody that the public demands. This clever form of diversity will be the offering at the Grand next Saturday, matinee and night.

**WOODS MAY LOSE VAST
AMOUNT OF PATRONAGE**

Story Is That Sullivan Democrats
Plan to Create Bureaus to Rob Se-
cretary of State of Much Power.

The Chicago Tribune Monday
printed the following from a Staff
correspondent in Springfield.

Democratic members elect of the
state legislature plan to take away
from Harry Woods, the incoming De-
mocratic secretary of state, all power
in the distribution of state patronage.
Three bills with this end in
view are ready for introduction at
the earliest moment of the new ses-
sion and are now possessed by Demo-
crats.

The cause of this action is the op-
position of Mr. Woods to Roger C.
Sullivan and his regular state organ-
ization and his announced policy that
no jobs will go to the Sullivanites.
The first of the three bills creates
the office of superintendent of pub-
lic building and grounds, the second
establishes the office of state wheel
tax commissioner and a scale of fees
and the third bill will create a state
bureau of corporations.

Change in Primary Law.
"In addition it is planned to amend
the primary election law so as to
stipulate in detail just how primary
petitions shall be filed, which would
either remove the petitions from the
jurisdiction of the secretary of state
through the creation of a state elec-
tion commission, modeled after the
Chicago commission, or leave the se-
cretary of state a mere clerical fig-
urehead in handling the petitions.

Some of the legislators here say:
Mr. Woods has seen the prospect
looming up and has attempted to
engineer an organization of the
house all of his own, aimed directly
at John J. McLaughlin and the Sul-
livan forces, and that many of the
jobs already have been promised if
the Woods plans mature.

This development is hailed by
many of the Progressive members as
an opportunity to initiate general re-
forms in the management of the of-
fice of the secretary of state neces-
sitated by the time worn methods
which have given to the office the
most impressive list of patronage in
the state, excepting only the appoint-
ments of the governor.

Aid from Reform Element.

It is probable, therefore, that the
anti-Woods Democrats will get en-
ough support from the reform ele-
ment to get favorable action on their
bills if they press them urgently. To
the superintendent of buildings and
grounds it is planned to turn over
all the janitors, superintendents of
ventilation, and workmen about the
capitol generally, who are under the
command of Capt. R. J. Beck, under
appointment of the secretary of
state. The state wheel tax commis-
sioner is expected to take over the
automobile tax revenue and the cor-
poration commissioner would take
charge of the machinery of the cor-
porations department, which forms
the main feature of the secretary's
office."

BIDS FOR PRINTING.

Sealed bids will be received by the
city council at the city clerk's of-
fice up to noon Monday, January
13, 1913, for all of the legal print-
ing required by the city of Jack-
sonville. Contract to be made from
January 13, 1913, to close fiscal
year, January 1, 1914. Bids to be
made on flat rate and by inch rate.
Bids to be made in accordance with
paragraphs 54, 1-2, An Act to Amend
an Act entitled, "An act to provide
for the incorporation of cities and
villages, approved April 10, 1872, in
force July 1, 1872, and all acts
amendatory thereto by adding there-
to article."

A certified check of 10 per cent of
the total amount of the bid must
accompany same, that the successful
bidder will carry out the terms of
the contract. The council reserves
the right to reject any or all bids.
Chas. K. Knollenberg,
Commissioner of Accounts and
Finances.

**COMMERCE COURT'S
FATE IN BALANCE**

Washington, D. C., Jan. 6.—Be-
fore the senate committee on ap-
propriations a public hearing was
begun today on the advisability of
making provision in the legislative,
executive and judicial appropriation
for the maintenance of the commerce
court. Leading importers and ju-
shippers from all sections have been
invited to tell the committee what
they think of the commerce court,
which the Democratic house has or-
dered abolished on March 4, a de-
cision in which the senate during the
last session concurred.

It is said, however, that senti-
ment in the senate has changed con-
siderably with relation to this new-
est judicial tribunal, and that the
vote in the upper chamber may not
be the same as last session. Friends
of the commerce court have been do-
ing much missionary work and are
said to have made numerous con-
verts in the senate. Regardless of
any action the committee on ap-
propriations may take looking to the
abolishment of the court, its friends
promise a battle royal on the floor
of the senate. Democratic leaders
in the house declare they will not
recede from their position in ab-
solute opposition to continuing the
court.

EX-SENATOR SPOONER IS 70.

New York, Jan. 6.—John C.
Spooner, who has practiced law in
this city since he retired from the
United States senate several years
ago, was remembered by numerous
friends at associates on the oc-
casion of his 70th birthday anniver-
sary today. Mr. Spooner represent-
ed Wisconsin in the United States
senate for about fifteen years and
was recognized as one of the ablest
and most influential members of the
upper house. When at the height
of his career he surprised his friends
by resigning his seat in the senate,
explaining that the pecuniary re-
wards of public life were so insigni-
ficant that he felt it his duty to
retire from office that he might be
better able to provide for the
future of his family.

**CITY COUNCIL PASSED THE
APPROPRIATION ORDINANCE**

Annual Financial Measure Was Con-
sidered at Monday Session—Of-
ficers' Reports For Last Month
Presented.

At the regular meeting of the
city council Monday morning Com-
missioner Knollenberg presided in
the absence of Mayor Davis and
others who answered the roll call
were Commissioners Brennan and
Engel. The principal business given
attention was the appropriation or-
dinance and it was passed with an
emergency clause. The appropri-
ation total \$191,000 while the one
passed a year ago carried \$220,000.
The minutes were read by R. L.
Pyatt clerk and were approved. A
petition for a sewer on South Clay

motion of Commissioners Engel

Commissioner Brennan with power
to act.

Engel.

ty company on the boilers at the
pumping station and light plant
made to F. E. Farrell was presented.
The boilers are found to be good
condition.

ordered paid when funds are avail-
able. The appropriation ordinance was

will be effective after ten days.

OFFICIAL ON TRIAL.

Philadelphia, Pa., Jan. 6.—The
defendants in the so-called graft
scandals that were largely responsi-
ble for the election of a reform may-
or in Philadelphia a year ago and the
ousting of the old political combine,
were arraigned for trial today on
charges of conspiracy to defraud the
city. The principal defendants are
ex-Director of Public Safety Henry
Clay, ex-City Architect Carl B. Zil-
lenger and John R. Higgins, head
of a contracting firm. The case
grew out of exposures of alleged
scandal before the Catlin commission
before the majority primary elec-
tion more than a year ago, following
which ex-Director Clay and his al-
leged co-conspirators were indicted.
It is looked upon as one of the most
important prosecutions conducted
here in years, and the common-
wealth has been at work for months
in building up its case against the
accused men.

BARN BURNS DOWN.

Monday morning about 3:45
o'clock the fire department received
a call to the residence of William A.
Pike, 809 Doolin avenue, where a
barn was burned to the ground. The
fire was seen by the telephone op-
erator and at about the same time she
turned in the alarm Officer Moore
also gave an alarm. When the fire
was discovered the flames had gain-
ed such headway that all the depart-
ment could do was to keep it from
spreading. The barn which contain-
ed a small quantity of hay and a
buggy, was a total loss.

WILL OPEN CAFE.

Messrs H. Woodman and R.
Fortado, expected to go to Chicago
last night to buy a lot of new fix-
tures with which to furnish the
Grand hotel cafe which they expect
to open and conduct in the near
future. They were accompanied by
Earl Wheeler.

**END LIVER TROUBLE WITHOUT
CALOMEL.**

Untrustworthy Drug, Thought to
Loosen the Teeth, Now Abso-
lutely Unnecessary.

Dr. Edwards' Olive Tablets—the
substitute for calomel—are the mildest
but surest laxative known, and
their effect on the liver is almost in-
stantaneous. They are the result of
Dr. Edwards' determination not to
treat liver and bowel complaints with
calomel. Dr. Edwards has been calomel's
uncompromising foe. His efforts to banish it brought out these
little olive-oil-colored tablets, a rare
combination of vegetable compounds
mixed with olive oil. These pleasant
harmless little tablets do all the good
that calomel does but have no bad
effects. They don't injure the teeth
like strong liquids or calomel. They
take hold of the trouble and quickly
correct it. Why cure the liver at the
expense of the teeth? Calomel
sometimes plays havoc with gums.
So do strong liquids. It is best not to
take calomel at all, but to let Olive
Tablets take their place.

Most headaches, "dullness" and
that lazy feeling come from constipa-
tion and a disordered liver. Take
Olive Tablets when you feel "foggy"
and "heavy". Note how they "clear"
the clouded brain and how they
"perk up" the spirits.

At 10c and 25c a box. "Every lit-
tle Olive Tablet has a movement all
its own."

A Brief Meeting Held Monday Night With Routine Business Transacted.

The board of education met Monday night in regular session with all members present except Mayor Davis whose place was taken by Commissioner Chas. R. Knollenberg. The minutes of the preceding meeting were read and approved.

All properly approved bills were ordered paid. Supt. Furr said there had been a decided improvement in the matter of tardiness. Heretofore an excuse was received and the mark not made but now any pupil late was marked tardy and the result was a decided improvement especially in the Franklin school which had but one the last month.

The agent for the drinking fountain reported that one was placed on trial in the Franklin school building and was ready for inspection. He invited all the board to examine it. Adjourned.

ROBERT BOYD

Now Demonstrating at

J. Bart Johnson's

Everything Musical

Robert Boyd, with many years of experience as a piano player in the theatrical business and who is now piano player at the Grand opera house, has been secured by the J. Bart Johnson Music House to show the merits of their 10-cent line of music. Mr. Johnson has always felt the need of good, popular music line that could be sold for 10 cents. The margin of profit is so very small that the only way it can be done is through the volume of business, consequently anyone wishing to buy music can have it played so as to know just how it sounds and thereby make an intelligent selection.

We wish to congratulate Mr. Johnson in securing such a valuable artist at Mr. Boyd.

The hearings are to be continued with two sessions daily on alternate days of the week until the end of January, by which time it is expected that most of the preliminary work may be in hand so that the drafting of the measure or measures for tariff reduction in readiness for the extra session beginning about April 1. Whether there is to be one comprehensive tariff bill or a series of separate measures of the more important articles and schedules, is a matter that is yet to be determined.

COURT DECISION DEPRESSES MARKET

RULING AGAINST UNION PACIFIC
DISTURBING INFLUENCE.

Traders Are Uncertain as to the Uti-
mate Effect of the Decision Ruling
Against U. P. Plan For Distribu-
tion of Its S. P. Stock.

(By Associated Press.)
New York, Jan. 6.—Quotations
moved in an uncertain way on the
stock exchange today and specula-
tive sentiment was confused, becom-
ing more bearish as the session ad-
vanced. The tone of the market was firm
in the early part of the day, but the
supreme court ruling against the U-
nion Pacific plan for distributing its
Southern Pacific stock and a depre-
ssive effect. Union Pacific was the fea-
ture of the day's dealings. In the
forepart of the session it was the
strongest of the favorite stocks, re-
sulting 2 points. There was said to
be some buying of this stock on the
expectation that the supreme court
would sanction the distribution plan
and the general market moved up
fractionally with this stock, with
Reading and Northern Pacific show-
ing considerable strength. Some-
time before the supreme court's rul-
ing was announced, however, there
was a sharp drive at Union Pacific
which depressed it sharply, but after
a brief interval of unsettlement the
market grew steadier. Hardly had
the effect of this drive worn off, when
word came of the court's decision and
Union Pacific once more slumped
quickly, falling more than four
points below the high price of the
day.

Traders were uncertain as to the
ultimate effects of the decision, by
the court and hesitated to take a
definite stand, but as the day drew
toward a close, stocks were sold
more heavily, and the low prices of
the session were reached. Southern
Pacific declined with Union Pacific,
showing a 2 point loss. Steel sagged
to a point below Saturday's close, but
among the majority of standard
stocks net changes at the close were
comparatively small. Further weak-
ness developed among specialties,
which have been heavy recently,
such as the petroleum shares and the
sugar.

Dunlap House

Wednesday, Jan. 8.

One day only and Returns every 28

Days.

Office hours: 8 a. m. to 4 p. m.

The most reliable and successful of specialists in diseases of MEN AND WOMEN has visited Jacksonville since 1880, curing the cases he undertakes and refuses a fee from the incurables. This is why he continues his visits year after year, while other specialists have made a few visits and ceased to return. His hospital experience and extensive practice have made him so proficient that he can name and locate a disease in a few minutes.

NERVOUS DEBILITY.

Are you nervous and despondent; weak and debilitated; tired mornings; no ambition—lifeless; memory poor; easily fatigued; excitable and irritable; eyes sunken, red and blurred; pimples on face; dreams and night losses; restlessness; haggard looking; weak back; deposit in urine and drains at stool; distrustful; want of confidence; lack of energy and strength? The Carson System will cure you.

Dr. Carson through years of experience has perfected the most infallible method of curing all diseases and weaknesses of men, youthful folks and all effects of abuses and excesses, in proper life and solitary habits which ruin both mind and body unfitting for business, study, society or marriage. A perfect restoration guaranteed under legal contract in writing backed by abundant capital to hold for my promise. It costs no more to employ an expert than to risk your life with an inexperienced physician.

I ALSO CURE ALL CURABLE CASES OF Catarrh, Eye, Ear, Nose, Throat, Lungs, Liver, Kidney, Heart, Stomach, Bowels, Bladder and Skin Diseases by a treatment that has never failed in thousands of cases that have been pronounced beyond hope.

To these maladies alone I have earnestly devoted 30 of the best years of my life. Physicians having suburban cases to treat are cordially invited to consult with me. I make no charge for such consultation. Describing your troubles, if unable much preferred. Every case of Piles, Fistula, Hemorrhoids and Venereal diseases cured without detention. Sexual weakness, Syphilis, Gonorrhea, and Stricture a specialty.

REMEMBER DATE OF VISIT.

Come early as parlors are always crowded. A friendly call may save you future suffering; it has made life new to thousands who had been pronounced beyond hope. No cases treated by correspondence and no C. O. D. schemes.

WILL AWAIT ACTION
OF SUPREME COURTINDICTMENTS AGAINST JOHNSON
WILL BE HELD.

Supreme Court Will Rule on the Constitutionality of the Mann White Slave Act and Cases Will Be Passed Pending that Decision.

Chicago, Jan. 6.—Eight indictments charging Jack Johnson with alleged violations of the Mann white slave act were called before Federal Judge Carpenter to day for disposition pending demurrers filed by the negro's attorney, but the hearing of arguments was indefinitely deferred because a decision is expected by the United States supreme court on the constitutionality of the act within a few weeks.

"The supreme court will rule on the constitutionality of the Mann act within the next two weeks and these cases will be passed pending that decision," said Judge Carpenter, when the Johnson cases were reached to day.

Johnson's attorneys attacked the constitutionality of the Mann act before the United States supreme court shortly after the indictments against him were returned by the federal grand jury in Chicago.

PRINCIPAL GORE WILL
WRESTLE WITH TARDY PROBLEM

Inaugurates System to Notify Parents Each Time That Pupil is Absent—Chapel Hour Changed.

With the opening of the high school Monday, following the Christmas vacation, Principal Gore announced that the problem of tardiness would command his attention, and that he expected to keep trying to solve the problem until punctuality became a virtue. Principal Gore is of the opinion that to be punctual at school, means a great deal to a pupil and teaches them something that will be valuable to them in later years. In looking over the records he has noticed that too large number of students are transgressing along this line, and oftentimes without the knowledge of their parents.

In order to remedy this matter Principal Gore has instituted a system whereby he will notify the parents by letter, of their children's tardiness. This notice will be sent out the day of the tardiness and in this way the parents will be able to co-operate with the school in this deficiency.

Chapel Hour Changed.

Another change upon which the new principal will work is that of the chapel hour. For experiment the time has been changed for these exercises, from the usual time, 8:45, till between the second and third period.

Debating Work.

A squad of debaters is working for the debating teams which will meet teams from Springfield and Quincy in the annual tri-city debating association. Some good material is at hand and it is expected that in a week's time the six debaters and the alternates will have been named.

For several months the teachers have been holding a monthly meeting at one of the member's home, when some book would be reviewed and the subject at hand discussed. Hereafter these meetings will not be held as regular as before and the sessions will take place in the afternoons at the high school building. The reason for the change is that many of the teachers found the evening meeting inconvenient.

The teachers will hold their regular business session next Monday evening at the high school building.

TRUSTEE OF REBEKAHS DIES.

Word was received in the city Monday by Mrs. O. E. Tandy, grand ward of the Rebekah State Assembly, announcing the death of Mrs. Anna E. Asp of Peoria, a trustee of the assembly. Mrs. Asp was quite prominent in the assembly and at the last meeting in Peoria she was chairman of the executive committee. The funeral is to be held Wednesday.

BAD BLOOD DOES

A cold will usually aggravate the symptoms of Catarrh, just as it may increase the pains of Rheumatism. But the cold has no more to do with the real cause of the one than with the other. Bad blood is the underlying cause for Catarrh; the circulation is infected with impurities which are deposited into the mucous membranes causing inflammation and irritation, followed by excessive secretion of the nose and throat, roaring sounds in the ears, neuralgia, inflamed eyes, etc. Being a deep-seated blood trouble, Catarrh must be treated constitutionally, for it is beyond the reach of local treatment. The blood must be purified—the cause removed before a cure can be effected. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter and at the same time building up the system by its fine tonic effects. In other words S. S. S. cures the trouble by supplying the mucous membranes with healthy, life-giving blood instead of saturating them with catarrhal impurities. Special book on Catarrh and any medical advice free to all who write and request same. S. S. S. is for sale at drug stores.

MORTUARY

Camp.
W. S. Camp received a telegram announcing the death of his mother, Mrs. Sterling P. Camp, who died Monday morning at 9 o'clock at the family residence in Bushnell. Mrs. Camp has been in comparative good health, and it is thought death ensued from an attack of heart trouble. Mrs. Camp was daughter of Mr. and Mrs. Isaac Harris and she was born July 3, 1835. The family came west when she was only one year of age, making the trip down the Ohio river and up the Mississippi to the Sharpesburg landing and from there to Vermont. Since 1876 the family has made Bushnell their home.

Mrs. Camp graduated from Heddington college at Abingdon, Ill., and was a student there at the time J. G. Evans was president of the institution. She was a woman of much culture and for a number of years followed the occupation of a teacher. One of her pupils was O. M. Powers, proprietor of the system of Metropolitan Business college. She was married in 1859 to S. P. Camp, who died in 1870.

The children surviving are Thomas B. of Chicago, John R. of Bushnell, publisher of the Bushnell Record; Frank, at home, and W. S. Camp of Jacksonville and Mrs. Anna Herrod of Denver, Colo. She also leaves one brother, Rev. W. H. Harris of Gladstone, N. M.

A bit of history is connected with the coming of the Camp family to Illinois. The family formerly resided near Charleston, a small village in the eastern part of Tennessee, near Chattanooga. The father, John Camp, was the owner of a large plantation, including sixty slaves. The mother, on the death of the father, divided the slaves among the children. Sterling P. Camp set his free and he was also one of the promoters of the underground railroad, at the time of the war. Some of the children were abolitionists and some stayed with the southern principals, the family being greatly divided on the slave question. Conditions became so acute there that S. H. Camp deemed it best to leave so came to Illinois and it was while in McDonough county that he met Miss Harris, and they were married. One of the negroes whom Mr. Camp freed became a famous colored preacher, and Rev. Joe Camp was known throughout the entire state of Tennessee and adjoining states. The younger brother of the Camp family, John R. Camp, was conscripted into the confederate army. In order to keep from going into the southern army he cut off his big toe purposely with an ax while cutting wood. Later through the efforts of S. P. Camp, he was transported north through the underground railroad. He now resides at Pomona, Calif.

The funeral services will be conducted from the M. E. church in Bushnell, of which church the deceased was a member, at 2 o'clock Wednesday afternoon. Mr. and Mrs. W. S. Camp expect to attend the services.

Brewer.

William Josephus Brewer, aged 82 years, one of the oldest residents of Murrayville, died Sunday morning at 8 o'clock from disease incident to old age. He was born in Ohio and was a potter by occupation. He moved to Murrayville from Manchester about thirty years ago and has since made his home. He had never married and the only surviving relative is a sister, Mrs. G. A. Heller of Litchfield. He was a member of the Methodist church.

The funeral services will be conducted this afternoon at 1:30 o'clock from the Murrayville M. E. church in charge of Rev. J. A. Biddle. Interment will be made in Bethel cemetery.

Woodward.

Mrs. Emos B. Woodward died Sunday evening at 9:30 o'clock at the family residence in Chapin aged 82 years. Her maiden name was Elizabeth Bell Rahn and she was born April 12, 1830 in New York. She came to Illinois with her parents, in 1845 and the family settled near Jacksonville. In March 1860 she married Emos B. Woodward, who died in 1879. After their marriage they moved to the old Woodward place in the Joy Prairie neighborhood. Here Mrs. Woodward resided until a year ago when she moved to Chapin.

She survived by three daughters, Miss Julia Woodward, Mrs. W. B. Winger and Miss Mary M. Woodward all of Chapin, also one granddaughter Catherine Winger. Mrs. Woodward

was a woman of splendid life and character and loved by all who knew her. She was ever interested in church work and was one of the charter members of the Joy Prairie church, at which church the funeral services will be held Wednesday morning at 10:30 o'clock, with interment in the Woodward cemetery.

Buchanan.

Mrs. T. B. Buchanan died Monday night at 8 o'clock at her home, two miles east of Pisgah, after an illness of three months with cancer.

Mrs. Buchanan, whose maiden was Mary Jane Conlee, was a daughter of Woodfield and Lavina Conlee, and was born in Galena, Joe Davless county, Oct. 20, 1840. She was married to T. B. Buchanan Sr., at Sulphur Springs, April 14, 1859. They were the parents of no children, but they reared Dennis Hinshaw of Missouri, E. O. Bundy and T. B. Buchanan Jr., of Sulphur Springs; Mrs. Clarence Buchanan of Edina, Mo.; Mrs. Milton Spaenhower of Alexander and Miss Alma Fillingham of Sulphur Springs. She is also survived by the following brothers and sisters: Harrison Conlee of Petersburg; W. T. Conlee of Carlinville, A. M. Conlee of Roodhouse, A. L. Conlee of White Hall, Mrs. R. C. Wright of Springfield, Mrs. Lavina Spaenhower of Roodhouse, Mrs. Ellen Spaenhower of Alexander and Mrs. Symantha Weller of Nilwood. She was preceded in death by two brothers, James A. and Anderson Conlee. Mrs. Buchanan was a member of the primitive Baptist church and during her long residence in the Pisgah neighborhood made a host of friends who respected her for her sterling character.

Funeral services will be held Thursday morning at 11 o'clock at the Sulphur Springs church and interment will be made in the Sulphur Springs cemetery.

Jacinto.

The funeral services of John Jacinto were conducted Monday afternoon at 2:30 o'clock from the family residence, 1 3/4 miles northwest of the city, in charge of Rev. W. E. Spoons, pastor of Northminster church. The services were brief at the home on account of the illness of Mrs. Jacinto. Music at the grave was furnished by Mrs. James Scott, Mrs. Jennie DeFreitas and Mrs. Grace Ferreira. Interment was made in Jacksonville cemetery and the bearers were Emmanuel Day, James Birdsell, Alfred Souza, Daniel Meline, Martin Souza and John Joquin.

Simmons.

Mrs. Barton W. Simmons died at 10:30 o'clock Monday night at Passavant hospital, where she had been a patient since Saturday evening, having been taken to that institution in a very serious condition. Mrs. Simmons, whose maiden name was Campbell, was a widow of the late Dr. Stewart, a former mayor of Jacksonville and after his demise she was married to Barton W. Stewart, a former alderman, who died several years ago. The deceased had been a resident of Jacksonville for a number of years and during her long residence here she endeared herself to a host of admiring friends who will learn of her death with regret. The remains were removed to the residence of Miss Mary Price, 112 Park street. Arrangements for the funeral will be announced later.

Mr. Hussey who has been ill for the past week is able to be up again. Albert Curry, a student of Shurtleff college is spending his vacation with home folks.

MUST INSTALL PENSION SYSTEM AND REDUCE RATES
Chicago, Jan. 6.—The Chicago Telephone company is called on to reduce its rates and apply an alleged surplus to old age pensions, salary increases and rate reduction by a report adopted here to day by a committee of the city council.

The operation and accounts of the telephone company had been studied by Prof. Edward W. Bemis, who reported that the company should reduce its annual rates a total of \$700,000. A surplus of many hundreds of thousands should be applied to the purposes of the reduction and employees' benefits, according to the report, which was adopted by the committee after a long struggle.

WILL CONSIDER PARDONS.
Springfield, Ill., Jan. 6.—A special meeting of the state board of pardons with Governor Deneen will be held here tomorrow to pass upon a large number of petitions for paroles and pardons.

A large number of requests for pardons or paroles reached Governor Deneen just before Christmas and this number was increased by knowledge of the fact that a change in administration was about to take place and that the outgoing governor might be liberal with pardons.

RESIDENCE OF VINCENT RILEY IS BURGLARIZED

Police Arrest Man Who Gives Name of Harry LeBall, With All the Stolen Property Excepting a Silk Muffler.

Sunday afternoon the residence of Vincent Riley in the Point neighborhood was entered by two men who took an overcoat, bracelet, baby pins, silk muffler, pair of men's gloves and two other small pieces of jewelry. One man giving his name as Harry LeBall was arrested here Sunday night by Officer Moore and all of the stolen property excepting the muffler was recovered.

The burglary was discovered by Mr. and Mrs. Riley who saw two men running from the house Sunday afternoon when they were returning home. Upon entering the house Sunday afternoon they found that several articles were missing and telephoned to the police, giving them a description of one of the men. This man was arrested Sunday night by Officer Moore, who turned the prisoner over to Officer McGinnis while he went to recover the overcoat which the man had sold for 65 cents. The man wore a good blue serge coat and vest which bore the name of Stephen Harvey of Winchester and also the name of the tailor. Mr. Harvey was called by the police and did not know that his coat was missing until notified by them. Mr. Riley came to the city Monday morning and LeBall who later waived examination and was committed to the county jail to await action of the grand jury. LeBall denied the theft charged to him and would tell nothing about any companion.

REVIVAL AT NORTHMINSTER OPENS AUSPICIOUSLY

Services Sunday Were Largely Attended and Large Chorus Choir a Feature—Evangelist Bodell Will Preach Tonight.

Despite the inclement weather Monday night, a large audience was in attendance at the revival meeting which opened auspiciously Sunday at Northminster church. A thirty minute song service under the capable leadership of George Beek-

Rev. W. A. Bodell.

man was inspiring. It is expected that over one hundred will compose the choir and a special platform has been built to accommodate the singers and a piano has also been placed in front of the platform. The pianists are Mrs. George Ferreira and Miss Hester Spooner. Mr. Beekman has already been impressed with the musical talent the church possesses, and the choir is destined to be one of the features of the meeting.

Rev. W. A. Bodell of Bloomington, who will act as evangelist, was not able to be present Monday night on account of having a funeral at his own church. He will be present, however, tonight without fail.

Rev. Mr. Spooner preached last night from the text John 21-6 "And he said unto them, Cast the net on the right side of the ship and ye shall find. They cast therefore and now they were not able to draw it for the multitude of fishes". The minister found in his text ample food for thought on the opening of the series of meetings.

The services Sunday were of an uplifting character. Nearly every seat on the platform being taken by the singers. "The New Evangelist" is the name of the song book now being used. At night Rev. Mr. Spooner preached from the subject "Get a Move on Yourself", his text being from 1st Cor. 15-8 "And the King of Israel, called for one of his officers and said 'Fetch quickly Micalah, the son of Imah'. Considerable interest has been manifested in the preparatory services of the revival and the people are expecting great blessings from the Lord.
